

New Lincoln Park Is Now Dedicated

Is Formally Turned Over
to the People of
Lima

MAYOR FRED C. BECKER DELIV-
ERS THE ADDRESS OF THE
DEDICATION.

BIG CROWD ATTENDS
THE DAY'S EXERCISES.

MUSIC FOR THE AFTERNOON,
MUSIC AND FIREWORKS FOR
THE WIND-UP.

Lincoln Park is now one of Lima's assets. The beautiful natural beauty spot, prepared by kind nature for the comfort, quietude, health and happiness for a comfort to pleasure-loving people was formally dedicated under the auspices of the East Lima Improvement Club, Thursday afternoon. To the officers and members of this splendid organization, too much credit cannot be given for the successful realization of this new and additional place of rest which will be enjoyed by the people of this city in years to come. In years that will come after the members of this club shall have passed on to their final resting place, the citizens of future generations will continue to seek the shady retreats and breathe the pure, invigorating fresh air of Lincoln Park, and it is to be hoped that the names of those who made it possible for the preservation of this beauty spot will be kept as fresh and green in memory as is the inviting sward of its broad and shaded acres.

The formal exercises of the dedication began at the park at three o'clock in the afternoon with music rendered by Zander's band and an invocation by the Rev. A. H. Weaver, pastor of Epworth M. E. church. This was followed by the dedicatory address which was delivered by Mayor Fred C. Becker, who, in splendid voice and fitting eloquence, complimented the people of the city for having acquired the magnificent new park and congratulated the people of the east side for the place was preserved from the axe of the woodman and the stone and mortar of the builder and reserved the beautiful spot as a place to be enjoyed by them and their fellow citizens in the years to come. In delivering his address, Mayor Becker said:

"The citizens of this thriving and prosperous city are to be most heartily congratulated for that there is about to be thrown open to them for their use and the use of their families and for their pleasure, comfort and health, one of the most beautiful rest and pleasure grounds that the hand of Nature, assisted by the work of mankind, could construct or establish.

"Nature has done her work nobly and it only remained for the progressive citizens of the East side to discover that in their midst lay a beautiful plot of ground, that would not only be a beauty spot in their immediate vicinity, but would be a source of never-ending pleasure and comfort to all the citizens of our town.

"No one can view this natural beauty spot without being inspired with high and noble thoughts. No one can place himself beneath the shade of these grand and magnificent trees without partaking of their grandeur, their usefulness and quietude; no one can breathe the pure and fresh air that circulates here without drawing therefrom vast healthful benefits and so I say to you, that in the establishment of this park or in other words, rest ground, there is conferred upon and given to our people benefits so great that it is impossible to reckon them.

"It now remains only for the people to avail themselves of these opportunities and pleasures. "Nature as she stands forth in her glory here today, has the power of communicating to mankind a restfulness, a peace, a quietude, a pause from the mad rush for existence, that make the bright spots in human life, that make life worth living; and for these opportunities, we should be most thankful to those who have placed them within our reach. Here no strife, no rivalry, no perplexed problems exist but only the calm peace and restfulness of Nature.

"The city of Lima is fast reaching that point in commercial life, and is growing so rapidly, that rest points or grounds within the corporation limits are placed at a premium and are scarcely available, so it behooves the inhabitants of each portion of the city to emulate the progressive action of the good peo-

ple of the East Side when by doing hard labor they provide themselves with a common place of rest, comfort and pleasure, before it is too late.

"Many cities that have grown rapidly have forgotten in the mad rush, the necessity for rest and pleasure grounds until all available spots have been otherwise utilized, and they are the ones who now fully realize, too late, what it is to be without parks. I am heartily in favor of the purchase of ground in other quarters of the city that are not now provided with park grounds, even though they cannot at the present time be gotten into shape for us, for it will be money wisely expended, and those grounds can now be obtained without an exorbitant cost to the city; and in the future, as money can be obtained, they can be improved, but buy now, when the land is available.

"A park, in order to be a benefit, must be located so that it is within reasonable distance of a number of inhabitants, for tired and weary by a hard day's work, people will rather forego the comforts and good of the park than go to extra exertion and travel a long distance. So as nearly as possible, take the parks to the people and do not compel the people to go a long distance to the parks.

"With the final dedication of these grounds today for park purposes, the city of Lima may boast two beautiful parks, but in my opinion, this is the very near future, should number four.

"It is with a great deal of interest that I have watched the efforts and labors of the East End Improvement Association, how they have by persistent effort, work and scheming provided in their midst a beautiful park, and to this association, too much credit cannot be given. Not only by the citizens of the East Side, but the city at large. For the securing and establishment of this park, and from the reports that come to me of their work I know that this work is not the last that they will accomplish, but that they will be found always in the front rank of progress.

"I feel more than a citizen's delight in the dedication of these grounds for park purposes, for within almost a stone's throw of these grounds, I first saw the light of day, and there are some of my old, familiar playgrounds, where as a lad, I played over those grounds, which were then farm lands, but which are now the boundaries of our beautiful city. So that it brings back to me my first recollections of boyhood days, which are always dear to any man.

"A most appropriate and fitting name has been given these beautiful grounds, and I know full well that if that noble, free and nature loving man, whose name the grounds shall bear, could now realize that in his honor this park is named, he would feel most happy and highly honored for these grounds will give forth unto its guests what was strongly apparent in his character: namely, peace and simplicity of life.

"I, with much pride, and more pleasure, dedicate unto the use of the citizens of Lima, Lincoln Park."

History of the Improvement Club.
A meeting of the citizens of East Lima was called for the evening of March 23, 1905, and this meeting marks the birth of the East Lima Improvement Club. This organization was formed for the interest and improvement of that part of the city of Lima, known as the part lying east of Main street. This club has worked harmoniously with all good citizens in the interest of a greater Lima, and its efforts have been rewarded.

The club has enjoyed a continual growth since its birth, and today, after a career of over four years, stands as solid as a rock. The results accomplished by this organization have been innumerable. It would be an endless task to consider all the things accomplished. Most notable of its achievements was the opening and grading of Shawnee street. With the assistance of the property owners along this thoroughfare, and with the co-operation of the Board of Public Service, council was prevailed upon to open and grade this street, and give to East Lima an opening to Bellefontaine avenue that had always been a serious problem. This improvement has added dollars and cents to every inch of land lying in East Lima, and provides a long-sought outlet that has been desired by the traveling public at large.

To this organization belongs the credit for the retention of the Shawnee school building site, and the contract for a magnificent two-story brick structure has been let.

It was through the efforts of the East Lima Improvement Club, working in unison with the Board of Public Service, that the council was persuaded to purchase the site for the beautiful Lincoln Park. This achievement was the most pronounced result obtained. The worth of this park to East Lima and the city at large can only be conjectured. It has given to the city another beauty spot, to which its citizens can travel for recreation; and it has given to

DAUGHTER

Has Turned and Now Believes her Father Was Murdered

DANGER OF MOB LAW HAS PASSED WHILE WIFE BECOMES HYSTERICAL

SHOWS EMOTION FOR THE FIRST SINCE THE TRAGEDY

PRIVATE SECURITY DRAWER TO BE OPENED MAY THROW LIGHT ANEW.

By United Press.

Watseka, Ill., July 15.—With the body of J. B. Saylor, the slain Crescent City banker, in its grave, Sheriff Heikes and State's Attorney Palissard today declared the chance of mob violence being offered the alleged slayers by citizens, had now passed.

Mrs. Saylor wept continuously in her cell today and showed emotion for the first time since arrested, in fact, being hysterical, in marked contrast to her demeanor when refused permission to attend her husband's funeral.

Golda Saylor, the seventeen-year-old daughter of the murdered banker, has seemingly changed her attitude toward her father's slayer, Dr. William L. Miller, and her uncle declared today that she had come to the belief that her father may have been brutally murdered. Saylor's private papers, which are expected to throw additional light on the Sunday tragedy, will be delivered to a brother this evening.

WIFE STILL FAITHFUL

To the Doctor Accused of Loving Mrs. Saylor.

Special to the Daily News.
Watseka, Ill., July 15.—A letter summoning his still faithful wife to his side was sent yesterday by Dr. William L. Miller, slayer of J. B. Saylor, the Crescent City banker, whose body was followed to the grave by nearly the entire adult population of his home town.

A dispatch from Blairsville, Penn., quoting Mrs. Miller as having forgiven her husband and only awaiting his summons to fly to his aid, was received simultaneously with a private message from Mrs. Miller to Sheriff Heikes of the same import. The message was turned over to the prisoner, the Sheriff offering to telegraph a reply.

"I will write," replied the incarcerated physician.

It was a long letter, slowly and carefully written, and for the first time since the tragedy which wrecked two homes there was a glow on the prisoner's cheeks.

But one definite fact concerning the letter is known. Its burden was "Come." What else appears on the closely written sheets now speeding eastward can only be conjectured.

It is believed by those who have seen the prisoner since his receipt of Mrs. Miller's message that the romance which began its surreptitious course two years ago, ripened into open disregard of the conventions of society, put one prominent citizen into his grave and another behind the bars, has ended.

The doctor's whole attitude—stray remarks dropped to intimate friends who called yesterday, the new hopefulness in his eyes—all suggested this solution.

Not Allowed at Funeral.
Mrs. Saylor was not allowed to attend her husband's funeral, although she begged the Sheriff for permission to do so. She wept much of the day, but the Sheriff was determined.

"I have had one experience with a mob. That was 12 years ago, and I don't care for another," explained that official.

"The people of Crescent City are quiet now, and I do not feel warranted in an act which might cause a renewal of lynch law."

This action on the part of the Sheriff was generally commended by persons who insisted that Mrs. Saylor's presence would have been provocative of insults, if not actual violence.

Pastor Defends Slayer's Victim.
The principal address at the funeral was delivered by Rev. Joseph Bell, of this city. He dwelt on the sacredness of the home, of a man's duty to defend his honor, and counseled that the law be allowed to take its course.

The casket was fairly covered with flowers within the modest home where the tragedy occurred, but so great was the crowd that the latter were kept on the lawn, the preacher delivering his address from the porch. Business for the day was suspended in the village.

"I pray God that the whole light of truth may be on this awful trag-

edy," cried the preacher, searching the crowd with his eyes. "But let it be according to the law. It is slow but it is best."

"I have lived in communities where there was none but the vigilance committee to punish the guilty. Punishment was swift, but there was not one among the sober citizens who did not welcome with open arms the coming of the law."

"The instinct of self-defense is strong in mankind, for it was put there by God, and self-defense means defense of the home."

At this statement there was a murmur of "Amen" through the crowd, and there was much confirmatory nodding of heads.

"The guilty must be punished," the preacher continued, and again the murmur, more grim than that of religious excitement, was heard.

See Funeral from Cell.
The funeral procession coming from Crescent City, through Watseka, passed within a block of the jail, where the widow sat alone. The angle of her narrow window afforded her just a glimpse of the black hearse and the carriages as they moved slowly along. Her face was drawn, her eyes were red. She seemed to have aged years since Monday.

Abolition of the domestic situation in the Saylor family on the day of the killing was learned yesterday from Mrs. Margaret Jenkins, proprietress of the Crescent City Hotel. According to Mrs. Jenkins, Mr. Saylor spent most of Sunday at her hotel.

"He told me that they (Dr. Miller, Mrs. Saylor and her father and brother) were all at his home and he couldn't stand it," she said. "He asked me about rates by the month, and said he feared he would have to come and live at my place. If he really attacked Dr. Miller it certainly was not premeditated or he would not have been thinking of where he was to live."

"While he was in the parlor the party at his house passed in the buggy on their way to look at the horses spoken of in the testimony at the coroner's inquest. Mrs. Saylor saw him and made a grimace at him."

TREASURER

OF DRY COUNTY WILL SELL LIQUOR FROM COURT HOUSE STEPS.

SALE OF ATTACHED BOOZE IN MADISON COUNTY

NOT A LAW VIOLATION, ACCORDING TO ATTORNEY GENERAL.

Special to the Daily News.
London, Ohio, July 15.—Madison county is on the roll of honor of "dry" counties in Ohio, but nevertheless there is a sale of wet goods scheduled to take place a week from today. The person that will dispense the beverages will be County Treasurer E. G. Gordin.

The sale is advertised to be positive, and there will be no prosecution follow as provided under the Rose law.

The Attorney General rendered his opinion after the matter was brought to his attention by H. B. Welsh, prosecuting attorney of Madison county, that the sale is lawful.

The case is the first of its kind in Ohio, and the decision is of great interest. The forthcoming sale is the result of Treasurer Gordin closing up and attaching a "speak-easy" or soft drink establishment at West Jefferson.

After a deputy from the State Dairy and Food Commissioner's office had sufficient evidence that what was called "apricot cider" was being dispensed to the thirsty. The cider was found to contain over 4 per cent alcohol.

The whole stock of beverages will be sold by Treasurer Gordin to apportion the Alton tax, amounting to \$970.78, and 20 per cent penalty, amounting in all to \$1,163.74.

The Rose law does not exactly specify how a confiscated stock of wet goods shall be sold, but in conversation with Treasurer Gordin it was ascertained there will probably not be any cocktails or highballs served when the unusual sale takes place in front of the courthouse. As yet there have been no threats made by the "dry" folks to interfere with the sale.

DELPHOS GIRL

IS WEDDED TO ANDREW J. BURCHIN IN CHICAGO.

Special to the Daily News.
Chicago, Ill., July 15.—A marriage license was issued here yesterday to Andrew J. Burchin, aged 30, and Nora F. Evers, 20, Delphos. They will probably be married at once, as is customary with visiting couples.

Andrew J. Burchin is a member of one of the oldest and most prominent German families in Amenia township. He has many friends in this city who will be anxious to express their congratulations after reading this announcement of his wedding.

THREATS

Made to Dynamite the Plant of Pressed Steel Car Co.

PROPOSED ATTEMPT TO SEARCH HOUSES MAY BRING ON WILD RIOT.

STRIKERS MAKE A STAND REPULSED BY MILITIA

OMINOUS SILENCE ON ALL SIDES BELIEVED TO MEAN MORE TROUBLE.

By United Press.

Pittsburg, Pa., July 15.—Threats to dynamite the plant of the Pressed Steel Car company are heard frequently among the striking foreign car workers at Schoenville this afternoon.

The state constabulary is on guard breaking up all assemblages of the strikers and assisted by 100 deputy sheriffs to which Sheriff Cumbert is constantly adding recruits until it will reach a total of 200.

Great alarm is felt over the dynamiting threats and over the discovery of a plan to invade the brewery near the scene of the disturbances.

If the foreigners become intoxicated through their excesses and boldness, it is almost certain there will be further rioting and fighting before the situation is adjusted.

The proposed attempts to search the houses of foreigners for dynamite and firearms this afternoon will also likely precipitate more trouble.

The only violence of any consequence so far today occurred shortly before noon when 4000 strikers and the state police clashed. The trouble started when the strikers returned from Indian Mound, where they had held a mass meeting this morning.

The police attempted to disperse the strikers and they resisted, throwing bricks and stones at the mounted constabulary. The policemen then drew rifles and fired shots over the heads of the strikers. They broke and then a stand was taken.

The strikers formed ranks again and made a second stand. Again the constabulary drew rifles and directed a fire and the strikers broke and ran.

The policemen arrested six. Although everything is reported quiet at one o'clock this afternoon, McKees Rocks and Schoenville are nothing more than armed camps. The ominous silence on all sides is believed to preface a fresh outbreak.

Over 100 men, in addition to the state constabulary, armed with riot guns, are guarding the works behind the high stockade, which completely surrounds the mills. While backshot is being used to repulse the strikers' charges, no fatal injuries have been reported.

The most seriously injured in the rioting are: Stanley Kuchasky, shot in left arm and leg; John Kuchasky, shot in chest, right arm and leg; Peter Sicsac, shot in back; Chief of Police Thomas Farrell, cut and bruised; Tony Galash, shot in abdomen, may die; Denial Maula, suffering from scalp wounds; Joseph W. Markovitz, shot in hip and artery severed, condition serious; Joseph Byrn, shot in leg; John Fabian, suffering from gunshot wounds; Paul Bartoe, shot in hands and scalp.

Although National President Lewis is opposed to the strike order issued by District President Feehan, at the instance of the Executive Board of the miners of the Pittsburgh Coal company, Feehan stated that 14,000 of the 16,000 men affected did not go to work this morning. Feehan said the company had already made an offer to the men so good that hopes are now entertained of having the matter adjusted soon.

GASOLINE

TANK WAS PUNCTURED BY AN OBSTRUCTION IN ROAD.

IN THE EXPLOSION AND WRECK THAT FOLLOWED TWO WERE KILLED AND SEVEN INJURED.

Special to the Daily News.

Sylvania, Ga., July 15.—Two persons were killed, two fatally and five seriously injured by the explosion of the gasoline tank of G. M. Hill's automobile, yesterday.

The dead are Mrs. G. M. Hill and her little son Hewlett. The fatally injured are Miss Ruth Thomas and Miss Lutine Cooper. The others injured are G. M. Hill, Mrs. George Hill, Miss Fannie Mills and little George Hill, twin brother of Hewlett Hill, who was killed.

The victims were all occupants of the auto and were returning from a moonlight picnic given by the Hills at a resort near town.

The big car was speeding home when the tank was punctured by some obstruction in the road. There was an immediate explosion, the gasoline igniting and scattering each occupant of the car. The clothing was burned off the occupants of the car, the machine was literally blown to pieces and the blazing victims hurled into the road. The noise of the explosion soon brought aid to the sufferers.

BULLET

THAT WAS INTENDED FOR WIFE'S MIDNIGHT CALLER.

WENT WIDE OF THE INTENDED MARK AND ENDED THE LIFE OF FAITHLESS WOMAN.

Special to the Daily News.

Altoona, Pa., July 15.—Frank E. McMillen, aged 31 years, shot and instantly killed his wife, aged 23, at their home in Greenwood, a suburb. Wednesday night with one of a fusillade of shots directed at William E. McDowell, said to have been the woman's companion. McDowell escaped unhurt.

McMillen, who has been employed at night, long suspected his wife, and instead of going to work Tuesday night, remained near his home. Near midnight he peered through a window and saw McDowell and the woman in the parlor.

He fired through the window at McDowell, as he claims, and when the man ran toward the rear door he fired again through the door. The woman was hit by one of the bullets. The husband surrendered to the police.

McDowell was arrested at his father's home two hours later. His story of the killing agrees with that told by McMillen.

FIFTEEN

GO TO THE BOTTOM WHEN BRITISH SUBMARINE SINKS.

VESSELS COLLIDED WHILE MANEUVERING FOR POSITIONS IN FLEET COLUMN.

By United Press.

Sheerness, Eng., July 15.—The British submarine C 11 is at the bottom of the channel, with her crew of fifteen drowned, and the submarine C 17 is racing for Yarmouth, seriously damaged, according to messenger wireless dispatches received here early Thursday.

The dispatches convey the impression that the C 11 went to the bottom like a stone.

It appears that the C 11 and the C 17 collided while maneuvering for positions in the fleet column, preparatory to ascending the Thames with the fleet which is to take part in the naval maneuvers there. The C 17 struck the C 11 amidships, almost cutting her in two.

The bow of the C 17 was badly damaged, and she was forced to hurry to Yarmouth. The C 11, it is understood, was running half submerged, with her ports all closed. The unfortunate officers and crew had no opportunity to leave their vessel, and were carried to the bottom in the sealed shell.

Vague wireless dispatches from Portsmouth report the disaster disappointedly, but say that Lieutenants Brodie and Watkins and part of the crew of the C 11 were on the deck near the coning tower when the submarine sank, and were picked up later by the boats from the vessels of the fleet.

This report says the disaster was caused by an unknown steamer running down the C 11, and causing her to collide with the C 17. In the hope of picking up other survivors, the fleet is standing by.

WESTON

The Great Pedestrian Completes His Long Journey.

WALK FROM NEW YORK TO SAN FRANCISCO ENDS AT THE LATTER CITY.

THIRTY-NINE MILES THE AVERAGE DISTANCE

WHICH THE OLD MAN WALKED EACH DAY — 105 DAYS EN ROUTE.

Special to the Daily News.

San Francisco, July 15.—Edward Payson Weston, the world's veteran pedestrian, completed his walk across the great American continent Wednesday evening. He accomplished the walk from New York to this city in 105 walking days, after one of the most strenuous and trying feats in his career.

Though now in his seventy-first year, he has averaged 39 miles a day, having negotiated 3,900 measured miles, most of the distance on the railway track, where he averages a quarter of a mile is lost every hour walked.

Hale and hearty the venerable walker tripped off the last 40 miles of his walk yesterday without any apparent distress. He is eating well, and the elements to which he has been exposed have turned him a nut brown, to which his snow-white hair and mustache are a startling contrast. He expressed great delight at being back in California again, and recalled with pleasure the walk he made from San Francisco to Los Angeles, approximately 500 miles, in 12 walking days, and made his first acquaintance at that time with the climate of the land of sunshine, fruit and flowers.

But for the courtesy of President E. H. Harriman and other Southern Pacific officials, Mr. Weston declares, he would never have been able to complete his latter day feat.

He arrived here accompanied by three Southern Pacific officials, who accompanied him with a velocipede from Ogden. Pullman trains were halted for edibles, ice and other necessary provisions, under instructions issued at the head office of the road.

BOND ISSUE

WILL BE FOUND NECESSARY BEFORE NEXT DECEMBER.

NINE MILLION DOLLARS CALLED IN FROM THE DEPOSITORS IN NATIONAL BANKS.

Special to the Daily News.

Washington, July 15.—Nine million dollars of the \$25,000,000 of government deposits in national banks, called for late last month by Secretary MacVeagh, is in the national treasury today. The remaining \$16,000,000 is called for August 15.

This call will practically wipe out all of the deposits of Government funds in national banks subject to check by the Treasury of the United States, except about \$37,000,000, which is held in active account and necessary to meet checks of Government disbursing officers, and \$1,000,000 which will be allowed to remain in \$1,000 lots in such of the one thousand smaller national banks as desire to retain their designation as national bank depositaries.

The working balance or more than \$43,000,000, will be increased by the call to approximately \$58,000,000. The low state of the Government working balance made its strengthening a necessity, and thus augmented the Treasury Department will have ample funds for at least some months.

It is confidently expected, however, that before the coming December an additional issue of Panama bonds, or the further issue of Treasury receipts of indebtedness will be necessary.

ROCKEFELLER CONTRIBUTES.

Danderine

EVERYBODY CAN HAVE BEAUTIFUL HAIR NOW, and the Danderine grows it. You will be amazed at the results after the very first application.

Danderine is quick and sure, and the hair grows and the scalp and the hair become the effects of its wonderfully stimulating and life-giving qualities. It is pleasant and easy to use. Simply apply it to the scalp and the hair begins to grow, then two or three times a week till desired results are obtained.

A lady from California writes in substance as follows: "I have been using Danderine for several months and at last I have obtained a wonderful growth of hair. It is thick and healthy and I feel that I have a new head of hair. I have been using it for several months and I feel that I have a new head of hair. I have been using it for several months and I feel that I have a new head of hair."

Another from New Jersey: "After using Danderine for a few months I have seen a great deal of improvement in my hair. It is thick and healthy and I feel that I have a new head of hair. I have been using it for several months and I feel that I have a new head of hair."

This Great Hair-Growing Remedy can now be had at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

FREE To show you a really good Danderine, we will send a large sample free by return mail. Write to the Danderine Co., Chicago, with your name and address and we will send you a sample free.

SPLIT HEATS

THE FEATURE OF THE OPENING DAYS RACING AT SPRINGFIELD.

DIC VAIL WAS INJURED WHEN ALBERT D FELL

SPLINDID BUNCH OF HORSES FLESH NOW TOURING OHIO RACING CIRCUIT.

Special to the Daily News. Springfield, July 15.—Split heats were the order of the day at the opening of the local race meeting of the Ohio Racing Circuit yesterday afternoon.

The first heat of the first race was full of accidents. On the initial score-own Fletcher Burns took a header and threw his driver, but neither was hurt. Albert D fell at the first quarter and Driver Vail was badly bruised. Frank Hillis, the favorite, slipped a boot, which kept striking him to the finish, and he was hurt so badly that he had to be drawn. Gypsy Woodland equaled the track record, 2:14, in the fourth heat of the 2:11 pace. The summaries:

TEN ROUNDS

Of Wild and Woolly Fighting Was Seen at Los Angeles

WHEN PAPKE AND FLYNN APPEARED IN ROPED ARENA AT LOS ANGELES.

NO DECISION IS GIVEN BOTH CLAIM VICTORY

SPECTATORS CLAIM PAPKE HAD A SHADE THE BEST OF IT, BUT FLYNN FOUGHT HARD.

Special to the Daily News. Los Angeles, Cal., July 15.—The glove contest between Billy Papke and Jim Flynn, at the Pacific Athletic Club Arena, in this city, went the limit of ten rounds, and Papke had a shade the better of the milking Flynn had about 10 pounds advantage in weight, he being a heavy weight, while Papke only recently fought Stanley Ketchell at 165 pounds. The betting was 2 to 1 against Flynn, with but few tak-

ers. No decisions are allowed in this city. Papke and Flynn fought ten wild riotous rounds, the 30 minutes of battling being so desperately intense as to leave the spectators in a dazed condition as to who was the winner. Both boys claimed a victory, but the general opinion was that Papke had a shade.

The furious, running methods of Flynn during the final rounds had won the majority of the house to his side, and there were loud cries of "Flynn, Flynn," as the last bell rang. Intermingled with the demonstration for the Pueblo man came shouts for Papke from the more cool headed spectators who remembered the Kewanee boy's creditable battle from beginning to end.

The sole topic of conversation among the sports at the ringside was the technical defeat of Battling Nelson by Adolph Wolgast in the same arena the night before. Although there were no official decision given, the old timers who saw Wolgast hand that beating to Nelson felt satisfied that the Dane had met his master. Nelson fought Wolgast against the advice of his friends, among them Abe Attell and Freddie Welsh. Both of these boys had a good line on Wolgast, and told Nelson some months ago not to take him on.

The lands comprise those of the Flathead Indian, Coeur d'Alene and Spokane reservations, containing a total of 750,000 acres of fine land now held by the Indians, but which will be opened to settlement under the homestead laws.

This city, Coeur d'Alene, Id., and Kamispell, Mont., are the registry points, and the registration for lands will continue to August 5, four days before the date set for the drawing. The price to be paid for land by the winners in the lottery ranges from \$1.25 to \$7.50 an acre.

PRETTY WEDDING

CELEBRATED AT HOME OF REV. T. H. CAMPBELL.

OUT OF TOWN YOUNG PEOPLE UNITED BY FORMER PASTOR OF GROOM.

On Wednesday noon, a pretty wedding was celebrated at the personage of Trinity M. E. church, when Rev. T. H. Campbell performed the ceremony, which united Mr. F. A. Butler, of Bellefontaine, and Miss Donna Grace Rhodamer, of Tippicanoe City, Ohio. A large number of relatives and friends of the contracting couple were present, the beautiful ring ceremony being used. The bride, a beautiful girl, was becomingly gowned in a rich costume of mauve, trimmed with lace, and wore a large picture hat. She is the only daughter of Mrs. Grace Rhodamer, of Tippicanoe City, and is an accomplished and charming young woman. The groom, a son of Mr. and Mrs. A. Butler, of Bellefontaine, is the manager of a large dry goods establishment in that city. Dr. Campbell was Mr. Butler's former pastor.

Immediately following the ceremony, the entire party repaired to the Norval Hotel, where an elegant wedding dinner was served, the table being beautifully decorated with flowers and greenery.

The guests at the wedding included Mr. J. O. Butler, grandfather of the groom, Miss Carrie Butler and Miss Nellie Bateman, aunts of the groom; Messrs. Herbert C. Butler, Arthur S. Butler and Horace W. Butler, brothers of the groom, of Bellefontaine; Dr. Berger, of the Ohio Dental College, of Cincinnati; Mrs. Rudolph Walker, of Dayton; Miss Harriett, of Tippicanoe City; Mr. and Mrs. Wilbur Pearce and Mr. Harry McLaughlin, Mr. and Mrs. A. Butler, the groom's parents.

Miss Mary Parker entertained on Tuesday evening in honor of Miss Emily Fuelling and Miss Lorna Strassburg, the house guests of the Misses Emma and Frances Strassburg and Mr. Harvey Robinson, of Chicago. The house was beautifully decorated in pink and white. A delightful program was rendered, after which the guests adjourned to the dining room which was decorated in pink and white carnations and smiles. A dainty two course lunch was served. The guests departed at a late hour, thinking the evening one long to be remembered and Miss Parker a delightful hostess.

The following taken from the Mar-sailles Register-Chronicle, of Mar-sailles, Illinois, will be of interest to the many Lima friends of the bride, formerly Mrs. Harriett Mayo, of this city, whose marriage to Mr. G. L. Davison, of Seneca, occurred several weeks ago:

"Mr. and Mrs. G. L. Davison received at a party given last evening on the spacious and beautiful lawn at the Davison home in Seneca. Their guests numbering about sixty, including Seneca people and several from Mar-sailles and the surrounding country.

"The reception was given by Mr. and Mrs. Davison in honor of their recent marriage at Lima, Ohio. Mrs. Davison comes to Seneca an entire stranger and the affair of last evening marked her introduction in a social way to the many Seneca people, who have for many years been intimate friends and acquaintances of her husband, Mr. G. L. Davison.

"The reception was indeed a most enjoyable one. The lawn, where the guests were entertained, was prettily lighted for the occasion, and the evening was an ideal one for outdoor enjoyment.

"Refreshments of ice cream and cake were served during the evening. "The guests, all unknown to their host and hostess, had planned a very pleasant surprise for them in the shape of a wedding present. Two handsome rockers made their appearance on the scene shortly after the guests had assembled and these were presented to Mr. and Mrs. Davison in behalf of the guests. P. A. Butterfield, of Mar-sailles, an old G. A. R. comrade of Mr. Davison, made the speech of presentation in his own unimpaired manner. Mr. Davison although taken wholly unawares, responded most appropriately, expressing in a few words the appreciation of himself and his wife of the kindly feeling which these gifts represented."

PERSONALS.

Mrs. D. E. Baxter, Mrs. T. M. Arthur and daughter Mary, Iva Baxter and Miss Henderson have gone to Lakeside, where they will enjoy a ten days' outing.

Mrs. C. H. East and children are visiting Mrs. East's mother, Mrs. R. W. White, of Toledo.

Mrs. Henry Schults of St. Marys, is the guest of Mrs. Henry Rice.

Miss Ruth Ridenour, of south Central avenue, has gone to Lakeside to spend her vacation. On Sunday she will be joined by her sister, Miss Nellie Ridenour.

Mrs. E. B. Satterthwaite, of Delphos, was a business visitor in this city on Wednesday.

Miss Grace McCarty, of Wapakoneta, visited friends in this city yesterday.

Mrs. Finch, of Washington, is a guest at the home of Mr. and Mrs. B. Longworth.

\$522,707.00 DEPOSITED
AT FIVE PER CENT.
SAFE, SECURE, CONVENIENT
FOR SAVINGS AND
DEPOSITS.

Nine years ago The Lima Home Savings Association began paying 5 per cent for deposits in any amount with privilege of compound interest. On account of the safe and secure manner in which such deposits have been handled, many people of large and small means have accepted the very liberal opportunity of having their funds invested at a rate that is worth while, until nearly \$523,000.00 have accumulated earning 5 per cent. These deposits are used by this Association only for loans on city and farm homes in Lima and vicinity. Nothing but first mortgages are taken to secure these loans; ample insurance is required for the Association's protection, as well as frequent reduction of principal.

Another feature of safety is the annual examination by state authority to which this Association is subjected. The last examination was completed on the 20th of May, 1903, and included an investigation of all of the Association's investments and securities. All persons with money to lay by at the liberal rate this Association has been paying for many years, who are seeking a place where safety, security and convenience are in every transaction of its business, are invited to its office, in the Masonic Building, west of the post-office, Lima, Ohio.

TOO MUCH

WAS THE VERDICT IN THE CASE OF HAAS, THE GIANT.

Probate Judge J. N. Hutchison held an inquest Thursday morning on George Haas, the Delphos giant, brought here on allegations of insanity. The Court was assisted by Drs. O. E. Chenoweth and Tullison, the latter from Delphos. After a careful physical and medical probe, the case was held open until August 11th, it being the belief that too much of the joy which flows was the cause of the man's recent condition.

NECK

Broken, Aged Thomas Neely Makes Remark- able Recovery

REMOVED IN AMBULANCE FROM
HOSPITAL TO HOME OF
NEICE.

CASE IS ALMOST
WITHOUT PRECEDENT

UNLIKE ALONZO SOUSLIN, MR.
NEELY WILL NOT WEAR
BRACES.

One of the most remarkable cases ever brought to the attention of the medical world, is that of Thomas Neely, of Elida, the aged man, who, one month ago, sustained a broken neck, when he fell into the excavation being made for the new Altschul building on north Main street. It was during the Firemen's convention that Mr. Neely sustained the injuries which, it was feared at the time, would prove fatal.

Despite the fact that he is past 65 years of age, Mr. Neely is possessed of a wonderful vitality, and to the surprise of his physicians, soon began to recover rapidly. A week after the accident, the doctors and nurses began to be hopeful of recovery and Mr. Neely has justified their expectations, for on Wednesday evening he was removed from the hospital to the home of his niece, Mrs. Sisson, proprietor of the Manhattan Annex, on west High street. He stood the trip in the Williams & Davis ambulance quite well, and was able to sit up, propped with pillows, after his arrival at the home of Mrs. Sisson.

The case of Mr. Neely is almost without precedent. Alonzo Souslin, of Dayton, still lives, although his neck was broken, but he is compelled to wear a peculiar sort of brace to support the broken member. He is quite well known in this city, where he has visited on a number of occasions, selling photographs of himself wearing the queer device which prolongs his life. It is, however, the belief of the physicians that Mr. Neely will not be compelled to wear any support for his neck.

Mr. Neely is believed to be the oldest native born resident of Allen county. He was born in January, 65 years ago, and it is not believed that there are any older men in the county who were born here. With the exception of three years, when he was a soldier in the union army, Mr. Neely has resided in Allen county all of his long life. For the past thirty-five years he has lived in the same house in the village of Elida. His present home is with his son, D. L. Neely, a mail carrier.

Mr. Neely has a very excellent army record, and endured great hardships in the Andersonville prison. Although past sixty years of age, Mr. Neely is still very bright and active, and looks many years younger. He is full of praise for the Lima hospital and the nurses and doctors who cared for him so skillfully during his stay in that institution.

to shoot her head off if she didn't keep still.

Detective Kelly testified that the woman told him on the evening of the shooting that White attempted to shoot her because she would not give him the money. This Maggie denied when she was on the stand. The prosecution claims that this woman is afraid of White and that for this reason she would not testify against him. White is employed at the steel works and states that he boarded at the Williams woman's house for about six months. The police were preparing to arrest them on a charge of living together unlawfully at the time the shooting occurred.

PYTHIAN KNIGHTS

ARRANGING FOR A BIG PICNIC AT CEDAR POINT.

Colonel L. H. Rogers is busied these days in booming the coming picnic of the Pythian Knights and lady friends, the grand time coming off on the 29th of this month, when everybody will go to Cedar Point. Hon. Walter B. Ritchie, who was called to Asheville, Carolina, at the big convulse of the Khorransans, arrived home Thursday, and reports a great gathering in which William Reilly, of Toledo, one of the best known Pythians in the country, was elevated to the high honor of Imperial Prince of the Dramatic Order.

HUSBAND

SAYS SARAH HAS ADMITTED HER WHONGS IN COURT.

BRINGS ACTION FOR DIVORCE ALLEGING INFIDELITY OF HIS WIFE.

Elmer E. Smale Thursday morning brought action for divorce against his wife, Sarah, alleging that Sarah had not conducted herself in the manner which a true wife should conduct herself, and further that she had admitted her infidelity when arraigned in police court.

The couple were married September 15, 1905, and have no children. The husband in legal terms charges gross neglect of duty in her failure to perform her household duties. He also charged infidelity on dates after September 15, 1906, when the two separated. The most dramatic charge made by the plaintiff is that Sarah would come home in an intoxicated condition.

DELEGATES ELECTED TO STATE COUNCIL BY CATHOLIC KNIGHTS OF OHIO.

Branch 100, Catholic Knights of Ohio, elected John O'Neil as delegate to the state convention, to be held in Delphos, on Monday and Tuesday, August 30 and 31. P. J. Cunningham was chosen alternate. It is expected that there will be over five hundred Knights and delegates in attendance, and all will visit Lima, either going to or returning from the convention.

AUTOISTS

HELPED THE FARMER RE-LOAD HAY THAT WAS UPSET.

While driving along the Lima road near Rawson, Wednesday, with a load of hay, William Hardesty's team became unmanageable and swerved toward the ditch upsetting a load of hay. The horses shied at an automobile, occupied by two men, one a resident of Rawson and the other of Findlay.

While neither of the men are at present engaged in agriculture they so sympathized with Mr. Hardesty that they stopped, laid off their coats and helped re-load the dried grass. Both enjoyed the exercise as it was even more invigorating than moving a portion of the lawn before breakfast.—Findlay Republican.

YOUNG WIFE

OF HARRY HILDRETH SUC- CUMBS TO THROAT TROUBLE.

HAD BEEN ILL FOR SEVERAL MONTHS WITH FATAL MALADY.

Mrs. Bessie Anna Hildreth, wife of Harry Hildreth, passed away at the home of Mr. Hildreth's parents, 229 east Second street, at 12:15 o'clock this morning. Death was due to tuberculosis of the throat, and while Mrs. Hildreth had been in failing health since last March, her last illness was of but three weeks' duration. She, with her husband, had been keeping house in a cozy home at 1950 Forest avenue until one week ago, when she went to the home of her husband's parents, where death occurred.

Bessie Anna Hildreth was born in Union county, Ohio, September 2, 1888, being at the time of her death 20 years, 10 months and 13 days of age. She was a daughter of Mr. and Mrs. Alexander Golden, and is survived by her husband, a little daughter three weeks of age, her parents, and two sisters.

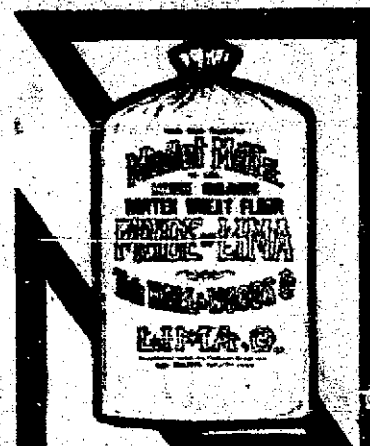

Funeral services will be held at the residence on Saturday afternoon at two o'clock, the Rev. Wilson officiating, and interment will be made in Woodlawn cemetery.

OLIVE OIL TALK.

The medicinal and beautifying qualities of pure Olive Oil are numerous and are becoming better known every day. There is nothing like it for overcoming a generally run-down and weakened condition of the system, while a teaspoonful of it after each meal will build flesh, gradually overcome indigestion and is said to be a certain preventive of appendicitis, and liver troubles. It is very beneficial when rubbed over the whole body after bathing, and is excellent for massaging a dry scalp. We recommend the Extra Pure Olive Oil as superior to all others. It has that rich, delicate, nutty flavor which it is impossible to secure in oils made in any other locality than Lucera, Italy. When in need of Olive Oil phone us and we will deliver it to you.

NEW LINCOLN PARK

(Continued from First Page.)

East Lima a nature-made resort, without the inconveniences of travel. This is undeniably the banner achievement of this organization, and one they can well afford to be proud of. At the present time there is no city appropriation to take care of the expense of improvements at this park and in order to place it in readiness for the dedication, the East Lima Improvement Club took it upon its shoulders to raise the necessary money and furnish the required labor to accomplish this end.

This club blocked the location of the contagion hospital in this part of the city, and have secured a number of other results that the general public know nothing about.

As we have said before, in mentioning achievements we only give a few, as space demands it, but the writer assures you that was he to go into details he could easily fill every page of this program.

This association has given several ice cream socials and entertainments during its career, all of which were given with a great desire to entertain and in order to fully accomplish this end, the financial parts were lost sight of.

The following officers have served during the career of the organization: Presidents—E. W. Mumaugh, Sardius Abbott, O. F. Rasor, Ransom Cramer, W. D. Bressler and H. H. Brown. Vice Presidents—W. H. H. Brown, John Wollet, William Heffner, E. D. Socrat, R. C. Saeal and Clyde Williams. Secretaries—H. H. Brown, Clyde Williams, Harvey Osborn, E. O. McPherson and Walter Shull. Treasurers—W. H. Duden and George McCanley.

Since the organization of this body it has been the will of our Heavenly Father to take from our midst four beloved members: Peter H. Williams, Chas. Pugh, F. J. Lones and Chas. Schnabel. Floral tributes were presented in each instance, and fitting resolutions of respect drafted and printed.

All citizens of good character, over sixteen years of age, and who have resided in Lima one year or over, are eligible to membership, and this club solicits your affiliation.

DAY IN WHEAT MOST EXCITING

ANOTHER BULL CAMPAIGN IS ON AND MARKET TOUCHED \$1.29.

By United Press.

Chicago, July 15.—The wheat pit was charged with excitement at the opening of the market Thursday, following the sensational advance of 6 1/2 cents in the price of July wheat Wednesday.

The statement freely made that July would have gone to \$1.30 instead of \$1.27, had not James A. Patten kept it down by dumping 750,000 bushels on the market at the last moment, led many traders to look for more excitement in the trading Thursday.

The advance has served to reveal the fact that Patten has secretly been holding a long line of July, despite his announcement in May that he had decided not to speculate in that future.

It is now believed that much of this holding was what Patten himself during his May campaign and has been holding since. It is reported that since July 1 he has disposed of 4,000,000 bushels of wheat at varying prices, and that he has 4,000,000 to 5,000,000 left.

Just how much Patten cleaned up Wednesday cannot be figured on account of the widely divergent prices of it goes for \$1. That which he held over from May he had to buy at \$1.20 to \$1.26.

July wheat ranged \$1.28 to \$1.29 at the opening Thursday, an advance of 2 cents over Wednesday's closing. Patten sold freely in the last hours and wheat closed at \$1.29 1/2; corn, 7 1/4; oats, 48 1/2.

ELIZABETH HEMPLE

CLAIMED BY THE GRIM REAPER AFTER A THREE WEEKS' ILLNESS.

Following a three weeks' illness from brain trouble, Miss Elizabeth Hemple passed away at her home, 609 North Elizabeth street, at eleven o'clock on Wednesday evening. Mrs. and Mr. Charles Hemple, and with her mother and sister, Miss Hazel Hemple, resided on North Elizabeth street. Her illness dates from three weeks ago, when she suffered from an attack of brain trouble, which became serious from the first, and resulted in her death. Miss Hemple was forty years of age.

The funeral services will occur at the late residence on Friday afternoon at two o'clock, and interment will occur in Woodlawn cemetery.

FEARFUL

Arraignment of Defendant in His Review of Yoakum Case

WELTY, THE BRILLIANT STATE'S ATTORNEY, MAKES FINE ARGUMENT.

PUTS HIS ENTIRE SOUL IN CONVINCING ORATORY.

CONVICTION ON FIRST BALLOT OR DISAGREEMENT IS LOOKED FOR.

Benj. F. Welty, the brilliant state's attorney, continued his fearful arraignment of the life of the defendant, Christian W. Geiger, when with the opening of court Thursday morning, he again addressed the jury. Mr. Welty went into every detail and feature of his work since the crime of January 13th was committed in old Shawnee township. He reviewed the evidence bit by bit, weaving a whole-cloth of convincing data, and in his last grandiloquent appeal, asked for justice long delayed.

Mr. Welty was before the jury all the morning. He answered the sting of Mr. Armstrong's reference to the employment of Mr. Cooper, in a rebuke and a tribute at one and the same time; he held before the eyes of the jurors the evidence the state had been able to produce. He asked only that justice be done; that if this evidence was sufficient proof, that the prisoner be found guilty, and sent to the penitentiary.

The court room was crowded to the point of suffocation, for it was well known that when Mr. Welty arose the entire history of the Yoakum robbery would pass in review. Even the corridors of the great stone building were crowded with persons, on tip-toe, straining to catch a few words as they dropped from the impassioned lips of the prosecutor.

Not since the famous debates in the trial of Amos Young have the halls of the county capital resounded with such logic and invective interwoven in that delicate, perfect manner which brings conviction to the auditor.

And the court is ready for the charge. Much depends upon this charge, for the court will likely declare that no matter what the past of the prisoner, only his alleged connection with this one case is to be considered by the jury. A poll among those who have followed the case is almost evenly divided between conviction on the first ballot or total disagreement.

Following the argument of Prosecutor Welty, Judge Armstrong arose and made bitter objections to same. In reply the state's attorney used words of fire, and speaking of the allegations that Secret Officer Ernst had used two note-books, one under his arm containing the testimony he had secured before he was known, and one containing the testimony afterwards secured, Mr. Welty said: "That may have been the way you handled things when Prosecuting Attorney for two terms, and an officer of this court, but it is not the way we do."

Immediately after convening at 2 o'clock, Judge Armstrong, with plenty of fireworks interspersed fired by the hands of the state's attorney, continued his objections to the arguments as made by both Mr. Welty and Mr. Cooper, and they all went in as exceptions.

A hush fell over the crowded court room when Judge Mathers turned in his seat and faced the jury for his charge.

The court dwelt on the duties of a jury and said:

"Your province is to determine the facts and with your determination in this behalf, court has nothing to do, except to see that the proper evidence is admitted for and improper evidence excluded. On your judgment the result must rest."

Judge Mathers then incorporated into his 26-page type-written charge the indictment alleging three counts: commission of the burglary; aiding and abetting the crime; and conspiracy to produce the crime.

He dwelt on the evidence in brief, and recited the penalties for conviction, which means a life term in the penitentiary if clemency is not recommended; if clemency, a period of not more than thirty years or not less than five; and submitted four forms for a verdict on conviction, the last being for larceny, which calls for a value of the goods stolen, anything over \$35, meaning grand larceny or penitentiary. Of course the fourth blank calls for acquittal.

In conclusion and handing the case into the hands of the jury, Judge Mathers said:

"The case is now with you, gentlemen, and accordingly, as you shall conscientiously deliberate upon the evidence and consider and weigh it solely with a view to the ascertainment of the truth or falsity of the charges in question, so will your conclusion which you deliver by your verdict be a true deliverance of a true verdict."

He Didn't Know the Gun Was Loaded When He Shot.

DIDN'T POINT THE GUN AT MAGGIE BUT THE BULLET GRAZED HER NECK.

DIFFERENT STORY TOLD BY MAGGIE'S SISTER.

SAYS WHITE THREATENED TO SHOOT HER HEAD OFF—NEGRO IS BOUND OVER.

A. J. White, the negro who was arrested by Detectives Kelly and Conway Sunday night on the charge of having attempted to kill Mrs. Maggie Williams, a negress with whom he had been boarding, on south Union street, was given a hearing before Mayor Becker Thursday morning, and was bound over to the grand jury. He is held on the charge of shooting with intent to kill, and his bond was placed at \$500. He is unable to give bond and will board, with Sheriff Van Ganten until the grand jury meets next September.

The testimony of both White and the woman was to the effect that he had attempted to borrow 50 cents from Mrs. Williams, and she refused to let him have the money, stating that it was all she had. He then picked up the revolver "to frighten her" and did not point it at her, and didn't even know that it was loaded, but the thing went off and the bullet grazed her neck and then buried itself in the mortar of the kitchen chimney where it was afterwards dug out by the two detectives. Maggie testified that she didn't believe White tried to kill her, but her sister, who happened to be in the house at the time tells a different story and adds that after White fired the shot and Maggie began to scream and cry he grabbed her and pushed her against the wall and threatened
